

RECEPTION GIVEN PAN-AMERICANS

Delegates Guests of Sec. Lan- sing After Day Filled With Conferences

COMPLETE STUDY OF
NATIONAL PROBLEMS

WASHINGTON, Jan. 21. —Delegates to the Pan-American financial conference completed today their intensive study of particular national problems in group sessions with American businessmen acting as advisers and tonight were guests of Secretary of State and Mrs. Lansing at an official reception at the Pan-American Union. The National groups will report tomorrow to the congress as a whole at two general sessions.

The National Group Conferences in a number of cases adopted resolutions recommending to American bankers the granting of loans to South American republics. Dr. Luis Borgia, financial minister of Ecuador, reported to and obtained adoption by his national group of a plan for the refunding of the entire internal and external debt of the country, involving \$6,000,000 and for the supply of a surplus to be used in railroad construction.

Nicaraguan delegates asked for a loan of \$5,000,000 to complete railroad lines now under construction and the Bolivian rep-

representatives in addition to a loan asked yesterday for railroads, suggested that further financing be attempted by United States bankers for sanitary and transportation improvements.

The Cuban delegation reported unparalleled prosperity within the island a favorable trade balance of 200,000,000 in 1919 and a national budget of expenses less than the total raised by taxation. The only fear expressed by the Cubans was the possibility of a

A number of commercial recommendations were decided upon by the Brazilian group including the elimination of custom taxes on commercial travellers samples, extension of parcels post and the establishment of improved communications by wireless and cable. The Brazilians also suggested establishment of an inter-

ational training ground for the development of an aviation service between the Americas, especially utilized for parcel post. The larger ships were asked for by the United States for the trade between the two continents. Many of the other groups touched on the transportation situation. Peru asked that an expert be appointed to ascertain the possibilities of improving present steamship service and the representatives from Paraguay asserted that passenger and mail service was needed between the United States and their ports was slower and more unsatisfactory.

The latter strongly urged the United States shipping board to establish fortnightly sailings of faster boats to these points.

Dr. Adolfo Cardenas of the Nicaraguan delegation announced that educational authorities in his country were arranging to employ an American educator whose duty it would be to revise the present system of public schools.

The Dominican republic committee recommended that negotiations be opened for a \$5,000,000 loan from United States sources, to be secured by a lien on customs, revenue and expended on internal improvements.

DEMOCRATS FAIL TO NOMINATE CANDIDATE

CAMERON, Mo., Jan. 21.—Democrats of the third district in convention here to nominate a candidate to succeed Joshua Alex-

nder, secretary of commerce, as representative in congress, recessed late today after thirty one ballots had been taken and no candidate nominated.

Before recessing however, the convention adopted resolutions endorsing the Wilson administration and deploring "the fact that the United States senate has not

A new slogan has been suggested—"shoo the flu."

"Pitiless publicity" seems to be the greatest need of the navy department.

The per capita of currency in Germany is said to be \$200, about four times that in this country. Wonder if they have to pay a dollar a pound for sugar?

Reed, of Missouri, asserts the ratification of the peace pact is impossible, lacking faith in Bryan's efforts to bring about a compromise. Does not look like the pact could be made a party issue. Meanwhile we have the "victory without peace."

A government that is permitting the sugar growers to rob the public and at the same time says the growers must be more moderate in their demands, has little ground for pillorying the retailer, whose profits and prices are subjected to the glare of publicity and also must meet the competition of rivals, while the producers are allowed to form solid organizations which may establish any price they please and are limited only by the sky.

THE GROUND HOG

The ground hog has been recognized and dignified by the U. S. Weather Bureau who are out early this year with a warning that the said ground hog has no standing as a weather prophet. The old hog breaks into the game only once a year, on February 2. If the spotlight falls on him—if he can see his own shadow—he promptly goes into retirement. The token of his retreat is six weeks of cold winter weather. In accordance with their custom, the scientific folks announce that there is no connection between a cloudless February 2 and the breaking of spring, but this will not prevent speculation on the possibility of the groundhog's appearance on that day.

CLEMENCEAU

The French republic has been termed ungrateful in the case of Premier Clemenceau, that he was not elevated to the presidency of that country. He has been termed the "Father of Victory", but the temperament that made him an outstanding figure in war time might not be so popular in time of peace. Clemenceau's work is done. He saved France and his place in history is secure. But at

his age—79—it would have been folly for him to undertake the colossal task of reconstruction. Nor is his temperament in the least suited to the position of president, a position overshadowed by the premier under the French constitution. And a "tiger" would be sadly out of place in the honorable but subordinate post, calling first of all for tact and suavity.

WAS HE AUTHORIZED?

The Republican Publicity Association through its President, Hon. Jonathan Bourne, Jr., has given out the following statement from its Washington Headquarters:

"Writing in the New York Times of January 4, Isaac F. Marcossen says of the peace treaty at the time of the President's return from Europe, 'Despite the disappointment over President Wilson's personal performance there was still hope that the nation which sent him abroad would back him up.'"

"But the nation did not send him abroad. He took himself abroad, in violation of all precedent, and against the judgment of both his political friends and his political opponents. Moreover, he had but a few weeks before, delivered an address to the people of the country on the eve of an election in which he said:

"The return of a Republican majority to either House of Congress would, moreover, certainly be interpreted on the other side of the water as a repudiation of my leadership."

If you have approved of my leadership and wish me to continue to be your unembarrassed spokesman in affairs at home and abroad, I earnestly beg that you will express yourselves unmistakably to that effect by returning a Democratic major-

ity to both the Senate and the House of Representatives."

"After making that appeal, President Wilson assured the people that he would accept their verdict 'without cavil.'"

"The result was the substitution of a Republican for a Democratic majority in both houses—a direct and unmistakable repudiation of the President's leadership."

"How, then, can any intellectual, honest man say that the American people sent Woodrow Wilson to Europe to speak for them at the peace conference? By every means in their power, the people told him not to speak for them. Can Mr. Marcossen conceive of any other manner in which the people could have expressed themselves?"

"And yet he has the effrontery to say Europe had every right to assume that on our god name was affixed to the treaty, that name would not be repudiated. An insult to the intelligence of the American people as well as to the intelligence of the representatives of European nations at Paris. There is not a school boy in America and there was not a peace delegate at the conference but knows that the name of this country cannot be affixed to any treaty without the advice and consent of the Senate. To accuse his nation of 'repudiating' its good name is an offense for which Mr. Marcossen should be called to account before the bar of public opinion, if nowhere else. It is upon such talk that bolshevism feeds. If Mr. Marcossen can accuse his country of repudiating its good name, why cannot the bearer of a Red Flag do the same with impunity? If the people of this country take the President at his word and repudiate his leadership by their votes at a national election, and then Mr. Marcossen can be permitted to proclaim that the people sent Mr. Wilson to Europe as their spokesman, why cannot the Red agitator with equal impunity declare that every victory for law and order is in reality an endorsement of the campaign of lawlessness? One would be just as true as the other, and Mr. Marcossen knows it."

"To say that this nation sent Mr. Wilson to Europe, to say that the good name of this nation was signed to the peace treaty, or to say that this nation has repudiated its name, is false, and any man who makes the statements is a menace to orderly constitutional government in the United States. He is a besmircher of the good name of the nation under the protection of whose flag he lives."

"The year before the war," Uncle Sam said there were, in round numbers, 161,000 people in Cincinnati, 160,000 in St. Louis and 160,000 in Chicago. Then the Southern Democracy undertook to divide this government, and the doom of St.

OLD JACKSONVILLE

PASSING OF THE ST. LOUIS REPUBLIC

By Ensley Moore
(Member Illinois State Historical Society)

The Journal of January 1, 1920 had an article from the Belleville News-Democrat, by its editor, Fred J. Kern, a Democratic leader, regarding the absorption of the St. Louis Republic by the Globe-Democrat of that city. The Journal called Mr. Kern's screed "a loud wail," and it was such—for he had lost a friend.

Mr. Kern said, in beginning his comments: "The Democratic party in Missouri and in the Middle West lost its chief party organ when the St. Louis Republic sold out to the Globe-Democrat, Wednesday. Further on, in his column and more of remarks, Kern said: 'It (the Republic) is the first newspaper, published in the English language, that we have any recollection of or learned to read, it and the News-Democrat.'"

A Backward Look.

The Republic was the first great newspaper published west of Cincinnati, and that was in 1808. The Ohio city may not have had a paper then. What the Republic's name and politics was then the O. J. man has forgotten. It became a Whig organ, and styled itself the Missouri Republican, later becoming the Republic. It was issued first—supposedly—as a weekly, and developed into a daily, with semi and tri-weekly editions. It made a point of commercial or financial information, and was the reliable standard of the early West in that regard.

It was long the reliance of our people, before Chicago had come to claim about everything in sight, or that it might expect.

In 1860.

"The year before the war," Uncle Sam said there were, in round numbers, 161,000 people in Cincinnati, 160,000 in St. Louis and 160,000 in Chicago.

Then the Southern Democracy undertook to divide this government, and the doom of St.

Louis as the foremost place in this region was sealed.

Chicago Led.

From 1861 Chicago led, and keeps doing so in urban ways, not always urbane.

But it has attained the lead in newspapers over its former rival, and most of the United States.

Today our people get most of their outside news from the city by the lake.

The Republican.

But the old St. Louis paper was a great one, and exercised a commanding influence at one time. It had its peculiarities—not likely to be repeated. It was what was called "a blanket sheet," and one of its pages used to carry about three columns of steamboat advertisements, and a column or so of "River News." It was a great feature, as was the magnificent system of transportation which it portrayed.

It fairly brings tears to the eyes of those of us who used to "go down to St. Louis" and see its levees strung with boats, to go there now and only see enough of them to advertise their loss.

Another advertising feature was the column in which runaway slaves were referred to, with descriptions of them. Each "ad" had a cut of a colored man with a roll of clothes carried over his shoulder or a stick, or a woman with a bundle of clothes in one hand; both making good time; and these things were as interesting in some respects as the boats.

An Early Reader.

The "O. J." man first learned his letters on the old "Republican," and like Mr. Kern, he could not see its demise without feeling that he had lost a friend. And with the old paper went George Kapp and the Paschalls, its nineteenth century owners and developers.

The Globe-Democrat used to refer to the Republican as "Old 1808," and now it has added longevity to itself by taking in the old, old paper.

rooms, bowling alleys, theatres, a dance hall and a post office right here, dances are free, shows that cost 50c, 75c and a dollar on the outside, cost you 10 cents here.

Everything that I am telling you is the truth and I only wish that you were having as good a time as I am having. A person does not get a chance to be downhearted here. If he gets the blues and gets to studying, someone will say, "What are you studying about? She will be married by the time you get back, you are in the army now so get your Uncle Sam to issue you a new one." Some life here.

Give my regards to Shorty and Andy and tell them to write to me, also go over and give my regards to the sergeant at the recruiting station, and tell him I said thanks for getting me to join. I can't think of anything else to write; so I will close. Hello to all in Taylorville, but it could not hold a candle to good old Jefferson Barracks.

More About That

"Kidding"

Last week I gave you a little talk based on the "kidding" that someone thought they were giving me.

Now, the unfortunate but true part of it is that the joke is all on the other fellow.

I wish I had at hand a few tables of statistics showing the total wool produced in the world and the present demand. Anyway, I'll give you a few facts. As an illustration, it's just like this:

Enough wool is produced in a country to properly clothe fifty million people, but there are one hundred million to clothe. On top of this consider for one moment the peoples of those nations devastated by war where production in all lines for years was slowed up or entirely wiped out. They must be clothed, and those nations are bidding heavily in this and all the wool markets of the world. For these same reasons we have been unable to import woolsens.

The facts are that there are hundreds of millions to be clothed and but a few million pounds to go around, and it will take a long, long time for production to catch up.

The increased cost of labor and every other item that enters into a suit or overcoat also has had its effect. Costs vary in different communities because of conditions existing affecting manufacture, but as to the accusation of profiteering brought by my waggish friend, we defy him to find it in our shop, or in this city. Personally, we would much prefer being back in the old days making suits at \$18 per—we could make a little money then.

Just consider these facts in their true light and boost for production and then more production—and, if you are going to need a suit soon, BUY IT NOW.

114 EGGS A DAY NOW INSTEAD OF 25 A DAY

That Means About \$105 Extra Income
Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets that old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung in the feed, and am now getting 107 to 114 eggs a day," Mrs. Essie B. Ropp, R. R. 2, Little, Ind.
Mrs. Ropp got this increase of 7 dozen a day in the middle of winter. At 50 cents a dozen, 30 days a month, this makes \$105 extra income a month. The Don Sung for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and we'll guarantee it will pay you.
Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.
Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.
Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid to Burrill-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

ALEXANDER

Alexander, Jan. 21.—A dance was given at the home of Mr. and Mrs. E. C. Stapleton, at their home two miles north of Alexander, Wednesday evening. About twenty-five or thirty guests were present and the time proved most delightful in every way. At a late hour refreshments were served.
Miss Mary Reif entertained a small company of friends at the home of her parents, Mr. and Mrs. J. W. Reif, in Alexander Wednesday night. The evening was very pleasantly spent at cards. Later the hostess served refreshments.

Miss Margaret Zeller has returned to her home in Kingman, Kan. She was called here about Thanksgiving time by the serious illness of her father, Hartman Zeller, who is now improved in health.

Mrs. J. F. Kaiser was a Springfield visitor Wednesday.

Miss Martha Mason gave a surprise party for her brother, Eugene, Tuesday evening, in honor of the young man's ninth birthday. A number of his friends were invited in and after a merry evening, delicious refreshments were served.

John Dunlap had a painful accident Tuesday while attempting to crank his car at the Strawn garage in Alexander. The motor for back fired and the crank struck Mr. Dunlap in the mouth, cutting his lip to such an extent that several stitches were necessary to close the wound.

Born Tuesday to Mr. and Mrs. A. J. Johnson, Jr., of Alexander, at Our Savior's hospital, a son. Carl Willett is attending the short course in agriculture now being conducted at Illinois University.

FROM DR. CHAS. M. BROWN
A letter from the Rev. Dr. Chas. M. Brown, now of Hamilton, Ohio, has much in it of interest to friends here.

The following are some extracts:
"This morning, a man by the name of John W. Conboy came into my office, and I found he was from the old county of Pike, and we talked Perry, Pearl Landing and the great capital of Pike county. It was a mighty refreshing thing to have some one to talk to that knew something worth knowing. I am at sea here in Ohio, have to learn everything over again."
"Dr. Brown then referred to a man he met at a banquet at Columbus. He said: 'You may not know me, but it did my heart good to hear you.' Mr. Brown had been bragging on Illinois. The man said: 'My name is Hamilton', and Brown replied: 'Yes, John Hamilton, from Hoopes-town, Vermillion county.'"
"The letter continues: 'One woman here is from Hillsboro, and another from Greenville.' Dr. Brown came from Hillsboro. He goes on: '(Prof.) Jacob Zeller first saw the light out five miles west, at Millville. * * * He had been visiting his kin-folks. It seems that almost everybody started from here, or near here.'"
"Referring to his congregation Brown says: 'The church is over a hundred years old. * * * The manse has been a manse for seventy-five years, and the best one I ever had.'"
"Speaking of his boys, the writer said: 'They came home better than when they went away, for they had lost nothing of moral or spiritual life, and had added much to their experience. Albert spent the last forty-nine days under fire ahead of the artillery, out behind the main gun. He saw it all, and can tell things that almost turn your hair white. Charles belonged to the same regiment, but his company did not have to go up to the front until the afternoon of the 11th of November. * * * They were across fourteen months, and covered the entire battle front. They were in the 28th regiment. * * * Both boys volunteered long before their draft number would have been called.'"
"His church building was planned by Mr. Crapsey of Cincinnati, the architect of Westminster. They are now going to put up a new one to cost about \$125,000. During the past nine months one hundred and four persons were received into the church. They have always been glad to bring in chaplains almost every morning. The people put a lot of fine furniture into the manse at Christmas time."

"Mrs. Brown was very ill, after the boys went away, but is quite well again. Mr. Brown was out in the War Community Service, and the experience was worth a life time." Mr. Brown had met W. J. Bryan, and they had a long talk together.

"Carol is at home, and doing the work of an assistant pastor. Dr. Brown is president of the Hamilton Rotary Club, in addition to his duties as pastor of a large congregation."

DON'T FEAR ASPIRIN IF IT IS GENUINE

Look for Name "Bayer" on Tablets, Then You Need Never Worry.

To get genuine "Bayer Tablets of Aspirin" you must look for the safety "Bayer Cross" on each package and on each tablet.

The "Bayer Cross" means true, world-famous Aspirin, prescribed by physicians for over eighteen years, and proved safe by millions for Colds, Headache, Earache, Toothache, Neuralgia, Lumbago, Neuritis, and for Pain in general. Proper and safe directions are in each unbroken "Bayer" package. Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocacetic Acid of Salsyllic Acid. Adv.

HURRY! YOUR HAIR NEEDS "DANDERINE"

Get Rid of Every Bit of That Ugly Dandruff and Stop Falling Hair

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color.—Adv.

BRYAN OPPOSES EDWARDS BOOM

"Commoner" Will Fight Any Movement to Bring Up New Jersey Governor as Democratic Presidential Nominee.

Norfolk, Va., Jan. 21.—William Jennings Bryan, speaking here today under the auspices of the anti-Saloon League of America, declared he would oppose any movement to bring about the selection of Governor Edward I. Edwards of New Jersey as the Democratic nominee for president in 1920.

The former secretary of state also asserted that if the address made by Homer S. Cummings, chairman of the Democratic National Committee, at the dinner held last night in Newark in honor of the newly inaugurated New Jersey executive correctly expressed the chairman's attitude, he would oppose him for chairman of the national committee.

Following an eloquent appeal for support of the anti-Saloon League, Mr. Bryan disgressed to say:

"Twenty-four years ago, I commenced running for president," and laughter followed.

"Nineteen hundred years ago," he added, "the wise men came from the East. And New York editors think they are still coming. No reform ever started in New York and they can have no faith in reform of any kind."

Referring to the possibility of Republican victory this year, Mr. Bryan said:

"God did not put the impossible in the hands of any human being, especially a Republican and no Republican is going to be permitted to nominate the next president of the United States."

PROBE OF MEXICAN SITUATION CONTINUES

SAN ANTONIO, TEXAS, Jan. 21.—

Cognizance was taken by the senate sub-committee investigating the Mexican situation today of the official effort that is being made to prevent the taking of testimony when there was inserted in the record the Mexican consular instructions from the foreign office. That was followed by a request to Henry Fores who had just testified to report to the committee any refusal by a Mexican consul to vize his passport.

A great majority of Americans who have testified do not expect to return to Mexico but there are a few who do. Mexicans have not yet been asked to appear but committee information regarding conditions in their country and have expressed a willingness to testify although most of them would prefer such protection as an executive hearing might afford them.

Regarding the Mexican government's attitude toward its own nationals it appeared probable the committee would make no protest but it was indicated any effort to penalize American passport holders would result in representations by the committee to the state department.

SUCCESSOR TO RAYMOND

Topeka, Kans., Jan. 21.—R. H. Allison, superintendent of the Illinois division of the Santa Fe railroad, Chicago, has been appointed assistant general manager of the eastern district as successor to the late Edward Raymond. This announcement was made here today by F. C. Fox, general manager of eastern lines.

SEMENOFF ASSUMES SUPREME RULERSHIP

HARBIN, Manchuria, Saturday, Jan. 17.—General Semenov, commander-in-chief of the all-Russian armies, has issued a proclamation declaring that he has assumed the supreme rulership of Siberia. According to General Semenov's representative here his assumption of supreme power is only temporary and is due to the fact that the whereabouts of Admiral Kolchak is unknown.

A Bolshevik wireless despatch from Moscow, January 10, announced that Admiral Kolchak had been arrested at Irkutsk by Colonel Poppelayev, who ordered Kolchak to hand over control of all affairs. A similar despatch later confirmed the capture of Kolchak.

As early as December 24 announcement was made in a Vladivostok despatch that Kolchak had retired from active command because of ill health and had appointed General Semenov to succeed him.

Other advices attributed Kolchak's withdrawal from the high command to the social revolutionary movement at Irkutsk, where Kolchak made his headquarters after having been driven from Omsk by the Bolsheviks.

COMMEND ACTION OF U. S. GOVERNMENT

SALT LAKE CITY, Utah, Jan. 21.—

Resolutions commending the action of the federal government in arresting and deporting undesirable aliens and declaring in favor of league of nations and a peace treaty that will uphold the American constitution were passed at the final session of the National Wool Growers Association late today.

At the election of officers, Frank J. Hagenbarth of Salt Lake City and Idaho was re-elected president, M. J. Powers, Flagstaff, Arizona, western vice-president and Prof. W. E. Coffey of the University of Illinois, eastern vice-president.

Other important resolutions passed by the convention oppose creation of parks or game preserves at the expense of grazing areas, protest against the "dumping" of foreign wools into the American market, urge passage of legislation requiring manufacturers of wool cloth to mark the per cent of virgin wool and condemn the policy of contracting wool in advance of shearing and favors sale by consignment and on commission.

PLAN TO RAISE LARGE SUM

ST. LOUIS, Mo., Jan. 21.—Plans

for conducting a nationwide campaign to raise \$12,000,000, its first quota for the interchurch world movement, were considered today by representatives of the executive committee of the international convention of the Disciples of Christ (the Christian Church) in session here.

It was suggested that \$6,000,000 be spent in endowment of church colleges and the remaining \$6,000,000 for missionary, benevolent and general church work.

It was decided to erect a hospital for negroes this year, speakers asserting there were only ten such institutions in the United States.

THEO. P. SHONTS WIDOW ASKS BIG DAMAGES

NEW YORK, Jan. 21.—Charged

with alienating the affections of the late Theodore P. Shonts, president of the Interborough Rapid Transit Company, Mrs. Amanda C. Thomas, residuary legatee of his estate today was made the defendant in a \$1,000,000 damage suit brought by Mrs. Milla D. Shonts, widow of the railway president. Mrs. Shonts set forth that she was married to Mr. Shonts at Centerville, Iowa, Dec. 28, 1881. In 1906, she alleged, Mrs. Thomas became acquainted with her husband and thereafter she succeeded in gaining his affections "and by her artifices and wiles enticed Theodore P. Shonts from the society of the plaintiff."

MISSING DEKAY GIRL BELIEVED FOUND

Atlanta Police Arrest Woman Answering Description of Missing Protege of Jane Addams.

Atlanta, Ga., Jan. 21.—Dressed in the masculine uniform of an aviator, a young woman was being held at the police station here tonight while frankly puzzled police sought to determine whether she is Jeanne Anna DeKay, missing protegee of Jane Addams, of Hull House, Chicago.

The girl, in appearance, corresponds to press descriptions of Miss DeKay except that her hair is bobbed and the word "Helen" is tattooed on her arm. Under questioning today, police said she first declared she "knew" Miss DeKay, but tonight denied it.

She first gave her name as Jeanne DeLong, Belgian widow of a French soldier. The young woman was arrested because she was wearing men's clothing on the streets, but she asserted she was an aviator and that she merely happened to appear in her uniform. A blanket charge of "disorderly conduct" was docketed against her.

Today the police started to investigate whether she was Miss DeKay and communicated with Chicago authorities. The young woman will be held pending definite determination of her identity.

Description Do's Not Correspond Chicago, Jan. 21.—The description of the woman being held by the police at Atlanta, Ga., does not correspond with that of Jeanne Anna DeKay. It was said tonight at Hull House.

Miss Jeanne Addams had departed from the city, but an official at Hull House said that a description of the Atlanta woman contained in a telegram received today did not tally with Miss DeKay's and the story she told Atlanta officials was discredited.

CUMMINGS OPPOSES PRESENT METHODS

WASHINGTON, Jan. 21.—Opposing

the use of methods directed against propaganda of the "reds" which would subvert the principles of the constitution, Homer S. Cummings, chairman of the Democratic national committee in a speech tonight at the National Press Club asserted that no party in America was entitled to live which did not stand for the supremacy of the ballot as the ultimate court of appeals.

"It involves upon us in large measure," Mr. Cummings said, "first to purge our own consciences, to make sure that we ourselves are good Americans to make sure that our government is free and open and just to make sure that no wrong goes unredressed and no righteous cause unheard. To make sure that the ballot is free and undisturbed and pure; and that mere partisanship shall not lead us to condone assault upon the ballot in America, no matter from what source they may come."

ORDER WHIPPING WOMEN AT STAKE STOPPED

Atlanta, Ga., Jan. 21.—Whipping

of women at the city stockade was ordered discontinued tonight by the prison committee of the Atlanta City Council today after a public hearing of charges brought by the Atlanta Humane Society that women had been strapped to a contrivance resembling a chair and flogged. A committee was appointed to investigate the practicability of discontinuing flogging of male prisoners.

FOUR PLAYERS OBTAINED BY MILWAUKEE

Milwaukee, Wis., Jan. 21.—

Jack Eagan, manager of the Milwaukee Baseball club today notified club officials that he had obtained four stars of the Providence, R. I., club for his 1920 team. The new athletes are Gaston, a catcher; Forsythe, an infielder; Zip Hauser, local boy who graduated from the corner lots here and Reinhart, a fielder, who was here in the spring of 1918.

RESOLUTION SUPPORTS CLAIMS OF GREECE

Washington, Jan. 21.—A resolution

supporting the claims of Greece to Thracian territory was reported today by the senate foreign relations committee as a substitute for a similar resolution by Senator King, Democrat of Utah. The committee resolution proposes declaration by the senate that all Thracian territory surrendered to the allies by Turkey and Bulgaria be awarded to Greece, provided an outlet on the Aegean sea is given Bulgaria.

GERMAN MISSION ARRIVES AT PARIS

Paris, Jan. 21.—The advance

guard of the German diplomatic mission to Paris arrived this morning. It comprised secretaries and attaches, who took up their residence in the former German embassy. Wilhelm Meyer, who is to be the German charge d'affaires, will reach Paris Friday. Baron von Trentler, minister plenipotentiary delegats to the peace conference and an expert on reparation questions accompanied the mission.

NEGRO ARMY DESERTERS KILL MEXICAN

El Paso, Texas, Jan. 21.—Rosalio Hernandez, a Mexican fiscal

guard, was killed and another Mexican was wounded by negro deserters from the American army, near Palomas, Chihuahua, south of Columbus, N. M., last night according to a telegram received tonight.

MEEHAN WILL COACH SYRACUSE

Syracuse, N. Y., Jan. 21.—John

F. (Chick) Meehan was tonight chosen head coach of the Syracuse University football squad. Meehan, who was assistant coach last fall, played quarterback on the orange eleven for three years.

BASIC CONVENTION ADJOURNS FOR WEEK

Springfield, Ill., Jan. 21.—The

Illinois constitutional convention adjourned today for one week to meet again Wednesday, January 28 at 10 a. m., at which time President Charles E. Woodward expects to announce the standing committees. With the appointment of committees it is expected the convention will begin to make progress toward drafting a new basic law for submission to the voters.

President Woodward has the preferences for committee appointments which he requested all the delegates to submit to him and during the adjournment of the convention he expects to complete the task of naming the men who will serve on committees. Members of the rules and expenditures committees have already been named, but there remain twenty-three committees with a total membership of 273 to be appointed. Objecting to frequent adjournments and declaring that he desires the records to show the absence from sessions of the convention, Delegate Michael Rosenberg of Chicago introduced a resolution for a roll call each day the convention is in session. The resolution was referred to the rules committee.

PROMISE CHICAGO TEACHERS \$50 INCREASE

CHICAGO, Jan. 21.—An average

salary increase of \$50 a month will be given to Chicago school teachers after February 1 was announced today by Peter A. Mortenson, superintendent of schools. This would add approximately \$5,000,000 during the year 1920 to the pay envelopes of the 9,000 teachers in the Chicago public schools. The decision to increase salaries probably will make unnecessary an investigation planned by the city council as to why teachers are leaving the schools, it is said. More than 1,000 teachers were absent yesterday and 1,500 pupils were without instruction.

CONFERENCE AT HELSINGFORS ENDS

HELSINGFORS, Jan. 21.—(By

The Associated Press).—The result of the conference of representatives of Estonia, Latvia, Lithuania and Poland which has been in progress here for a week and which closed tonight is the appointment of a committee to work out a plan for a defensive alliance against soviet Russia. The question of peace with the Bolsheviks is said not even to have been discussed.

Apparently the differences between Lithuania and Poland are so irreconcilable that the former will not consent to be a party to any alliance including Poland. It is learned that Lithuania at the outset of the conference proposed an alliance of Estonia, Latvia and Lithuania against Poland. The Estonians replied that they were not empowered to consider such a proposal while the Lithuanians did not participate in the conference except as an observer.

CZECHS AND AUSTRIA RESUME TRADING

LONDON, Jan. 21.—An official

despatch from Prague says the negotiations between Czechoslovakia and Austria have been successfully concluded and that there is to be unrestricted commercial intercourse between the countries.

It was agreed says the despatch that the matter of mutual indebtedness shall be dealt with by a special commission. Other essential features of the agreement are unconditional recognition of the peace treaty, abandonment of all mutual claims, rejection of all state alliances and mutual support to prevent a renewal of the former regime in national or territorial sense. Both states emphasize their independence on equal terms.

WINS VERDICT AGAINST BASE CLUB

Philadelphia, Pa., Jan. 21.—

William T. Doyle, Port mouth, Ohio, former baseball scout won an \$850 verdict against the Philadelphia National Baseball club in common pleas court here today. Doyle sued for back salary and interest alleged to be due him on a contract with the Phillies, which was cancelled by the club when the National "work or fight" order went into effect in August, 1918. Doyle is now with the Milwaukee club.

ANXIETY FELT FOR POWHATAN

HALIFAX N. S., Jan. 21.—Anxiety

was felt in marine circles tonight for the safety of the United States army transport Powhatan and her 271 passengers, after a wireless message was received from Captain Travis of the Canadian government steamship Lady Laurier, stating that his vessel was alongside the transport and that weather conditions were bad. The brief radio said:

"Lady Laurier alongside the Powhatan. Weather conditions, bad."

200 CHICAGO ELECTRICIANS STRIKE

CHICAGO, Jan. 21.—Two hundred

electricians in the city department of gas and electricity went out on strike late today, following a dispute involving the action of the commissioner of gas and electricity in placing a line man in a street lighting foreman's position.

As a result of the strike, Chicago's streets were threatened with darkness overnight but at a conference in the office of Mayor Thompson tonight a temporary armistice was agreed upon and forty men essential to the operation of the street lights were permitted to return to work.

MULES IN GREAT DEMAND AT PRESENT

High Prices Prevail For Choice

Offerings—Span Recently Sold

at Loneragan Sale for \$755—Span at Maroa Brings \$1,010.

Despite the advent of automobiles and tractors, good mules and horses still bring high prices. A few years ago when the war was at its height and there was a big demand by various governments for war purposes the prices soared to new figures.

Some three or four years ago a span of good mules brought \$500 and \$600. A great many people thought that with the close of the war that prices would drop.

But the past few days has shown that the price of good mules has gone up instead of down. A span at the sale of John Loneragan, held last Monday sold for \$755.

In Maroa last Friday G. A. Austin held a sale of horses and mules. The sale ran to about \$75,000. A span of five year old mules sold at \$1,010.

ATTACK GRAHAM ANTI-SEDITION BILL

Washington, Jan. 21.—The

Graham anti-sedition bill pending in the house, was attacked by Senator Owen, Democrat, Oklahoma, in an address tonight before the National Popular Government League, of which he is president. Senator Owen said the measure extended governmental power beyond all reasonable inhibitions, violated the spirit of the constitution, and placed in the office of the Postmaster General powers which should not be trusted to any bureau clerk.

"I have too much faith in the common sense and patriotism of some 110,000,000 American people," he said, "to believe that either their opinions about their government or their government itself can be 'overthrown' by a handful of extreme theorists."

STREAMERS IN TROUBLE

Boston, Jan. 21.—Two shipping

BISHOP QUAYLE HEARD IN A FINE ADDRESS

Noted Methodist Bishop Delivers
Forceful Discourse at Grace M.
E. Church on "Rebuilding of
the World."

An audience of large proportions was present at Grace M. E. church last night to hear the lecture of Bishop William Quayle. A great many Jacksonville people had previously heard Bishop

Quayle lecture and so knew what a treat was in store for them. The subject was "Rebuilding the World," and in the course of his remarks the speaker brought out many lessons which have been given point by the great world conflict so recently ended. He said in part:

"We had lived for years in a neighborhood sort of way among ourselves, not paying a great deal of attention to the world, even tho some of us call ourselves cosmopolitans. Then came the war and flung us out into the world. Germany sprang at the throat of the world. At first we said 'it is not our affair,' but later came the realization that it was altogether our affair. God hasn't a number of races but just one race—the human race. One nation invaded another and in an instant the world was changed. We were shaken as never before. You talk about rebuilding Belgium and France, but you cannot rebuild them alone. You have got to deal with the world as a whole. It is the stupendous task of rebuilding the whole world that confronts us."

Humanity Has Not Changed.
"During the war we thought that when it ended we would find that a miracle had been wrought and that people's characters would be changed. The things we need to realize is that humanity has not changed. The mountains stand deep rooted, tall and majestic, but they are no more solid and unchanging than is humanity. Men and women are as they were, but the old formulas of life are gone. We must get down from the air to the ground where the multitudes dwell. Many things have passed away, things which seemed to us to have firm foundations. What we must answer is, are there some things that still remain?"

"During the war things went with a rush. Where are the kings and queens, the emperors and kaisers? I don't know. Surely something is enduring. What the world is to be the rebuilding of man. Socialism is the greatest foe to man because it puts

men above man. The trouble with China and Japan is that man does not count, and the same is true in Germany.

Man Must Have Right.
"The thing to be guarded above all is that man must have his right, the right guaranteed him by God. He must be allowed to love and be loved, to work at that for which he is fitted. I believe that no institution or coterie of men has the right to say to one man 'You cannot work until you become one of us.' No man or group of men has the right to call any citizen of the United States a scab because he does not belong to a certain institution. We came near being frozen to death this winter by the action of 500,000 people. By their action 110,500,000 people were made uncomfortable. A man should have a right to work or quit work as he chooses, but no man should have the right to say that another man cannot work."

"Man is the brick that builds society. No matter how magnificent the coliseum it is made up of just one thing in large numbers. Man is the thing out of which you erect human society. Some one said to me once 'You are an individualist, and this matter of individualism is too slow a process. You must deal with humanity in the mass. But I say we do not educate men in the mass and neither do we redeem them in that way.'"

"One thing that abideth in law. If there were no law and government there would be the confusion. It is easy for some folks to be antagonistic to government but anyone of common sense knows that no law is a bad law, that nobody ruling is the worst ruling. The mob must quit. When you infract law at any one point you infract law at all points. Law is necessary to the safety of us all. While we do not criticize our government, we do criticize administrations and this we have a right to do. The administration is something human and changeable, and I never saw one that did not make mistakes."

Scores Sinn Feiners.

"Another thing which abideth is countries. Who wanted to do away with England? Germany and Sinn Feinism. The Sinn Feiners were a race of traitors to the world all during the war. They stabbed England in the back when England had its back to the wall and could not turn its face to defend its back. The rebuilt world must have English men in it. Who wants to do away with Italy? The 'Dagoes' as some sneeringly call them, won the greatest military victory of all history during the great world war. Who wants to do away with France? We thought we knew France before the war. We said the French were spasmodic and uncertain. Thank God, we won't tell that lie any more for a million years. It was the French who originated the greatest phrase of the war, 'They shall not pass.' You remember the circumstances. I am sure. And who wants to do without the Yankees? I like that term 'Yankees' altho some people didn't fancy it and wanted to call them 'Sammys.' They 'yanked' the Germans out of the trenches in great order."

"Who knows, but what I may live to see great unsmiling Russia return to sanity, and what a superb race the Russians will be when they are made clean and whole again. And I look to see the time when China shall be liberated from its centuries of heathenism and take its place with the other Christian nations of the earth."

"The reason Germany had to be smashed was because she was wrong. She said 'Might is right.' God said 'Right is might,' and God's word endures. We must rebuild the world on right principles. Man must not be trodden under the foot of capital and caste, but neither must capital or caste be trodden under the feet of labor."

"Upon the debris of battle I see man standing with face uplifted, with the glory of God shining upon him, and with hands outstretched as if to grasp the infinite. We as rebuilders of the world must claim God as 'Our help in ages past, our hope for years to come, and our shelter from the tempest's blast and our eternal home.'"

ARMY TRUCK VISITS WAVERLY WEDNESDAY

U. S. Recruiting Unit Spends Active Day in City and County—Louis Freitag Latest Recruit—Goes to Camp Grant.

Success continues to attend the efforts of the mobile recruiting unit which is at present in Jacksonville for the purpose of securing recruits for the United States army. Yesterday Louis Freitag of this city joined the infantry for three years and will go at once to Camp Grant. Three ex-service men yesterday signified their intention of again joining the colors. It is expected that these men will sign up Monday.

The motion pictures which have been displayed at the David Price building the past three nights have been witnessed by many hundreds of people. Last evening was American Legion night and a large number of the members of this organization, which is cooperating with army recruiters, attended the show.

The only branch of the service which is closed to enlistment at the present time is the aviation and signal corps section. This section of the army is full and no further enlistments are needed just now.

There is only one department of the army now open for enlistment for a period of one year, this being the chemical warfare section. Lieut. Neil stated last night however that it was understood that the enormous number of applicants for this section was rapidly filling up the quota of men needed for this work and that this section was apt to be closed for further enlistment at an early date. The one year enlistment clause makes this section of the service especially attractive to men who have had no previous military training or service. The school for the chemical warfare section is located at Edgewood, New Jersey.

The war department has lifted the "flu" quarantine at Camp Grant and this order enables six trucks and 12 motorcycles to leave on recruiting missions throughout the state. These trucks are expected in Jacksonville at an early date.

Lieut. Neil who is in charge of the recruiting party here in the absence of Captain Skinner, is a man of much ability and experience in the work of recruiting men for the service. He has made many friends in Jacksonville during his brief visit in the city. He and his party expect to leave Monday for Quincy.

Yesterday the big Liberty truck went to Waverly and that town and vicinity was well posted by the visitors and a number of men were talked to regarding entrance into the army.

A COMMUNICATION

Editor Journal:

Inasmuch as there seems to exist a general misunderstanding why the orchestra did not play at the American Legion meeting last Monday evening as was scheduled I wish to state exactly my part in the matter.

The order not to play was given in furtherance of certain principles of the Musicians' Union, one of which is that members shall not play without remuneration, nor offer their services free, or on shares, or for any other questionable consideration. The consideration in this case seemed to be that of obtaining a paid dance engagement from the Legion later on. On no account was the order given out of any antagonism to the Legion, many of whose members are also respected members of the union. It was even rumored that the officers of the Musicians' union were under orders from the officers of the Trades Council not to permit the orchestra to play. However, we received no such orders from the Trades Council to that effect, nor should we have heeded them, if they had come. The Musicians' union is an independent body and quite capable of deciding such issues for itself.

On the other hand, there was no order against members of the Legion playing for the occasion, even tho they happened to be members of the union. We hold

that members of organizations have a just right to contribute their services, the same as their money, of anything else, to their organization. But for them to go outside and oblige non-members to give their services is contrary to our principles. Had the orchestra been composed entirely of Legion members, all would have been well, and no such order would have been issued.

JOHN KEARNS,
President Musicians' Union.

MRS. LILLIAN DANSKIN GOES TO SOUTH DAKOTA

Will Work in That State in the Interest of Frank O. Lowden, Candidate for the Republican Nomination for President—Other Women Also Will Make Trip.

Mrs. Lillian I. Danskin left last night over the Wabash for Chicago where she will confer with Fred E. Sterling at Lowden's Chicago headquarters relative to a campaign among the women of South Dakota in the interest of Frank O. Lowden for the Republican Presidential nomination.

In company with Mrs. Danskin, a number of other Illinois women will leave Chicago this evening for South Dakota to begin work. The other women are: Mrs. Flo Jameson Miller, of Monticello, who is now visiting her daughter, Mrs. M. J. Donohoe, 1004 South Main street; Mrs. Edwards of Springfield, and Miss Cole of Chicago.

The South Dakota primary is to be held March 23, and it is the first time the women of South Dakota have voted. It is expected that the Illinois women can accomplish much good for Mr. Lowden.

The party will be gone about two months. Mrs. Danskin expects to be located during her stay in Sioux Falls, South Dakota.

Leave your order for job printing at the Journal.

THE AMERICAN LEGION

As a tribute to army nurses, Sunday, January 25, has been set aside for general observance by former service persons and all civilians by the Illinois branch of the American Legion.

Each citizen of the state is requested by the American Legion to wear a rose or send a rose to an army nurse, whether in the service at the time or not.

The bulletin of the state commander of the American Legion, Milton J. Foreman, says: "It seems altogether fitting that there be the same observance of the day in Illinois (as in Iowa) in the absence of the official proclamation, and the American Legion offers a convention and satisfactory means of making this observance general. Posts in this department are urged to encourage and actively promote and assist in an appropriate observance of the day, to enlist the co-operation of all patriotic Americans in paying a just tribute to the women of our fighting forces."

The members of Jacksonville Post are urged to comply with the request of the state commander.

Gov. Harding of Iowa, recently made an official proclamation regarding the general observance of nurse day. No proclamation has been made in this state, but the tribute offered the women of the fighting forces in Iowa makes it as fitting in this state, regardless of the official notice, and will be generally observed by all legion posts in the Illinois branch of the American Legion.

AUSTIN PATTERSON SOLD PURE BRED HOGS

Disposed of Large Number of Pure Bred Poland China Hogs—Sale Totalled Over \$5,000—Top Price of \$280 Paid By Frank Rockford, Bluffs.

Austin Patterson, the well known breeder of pure bred Poland China hogs, held a sale at his farm northwest of the city Wednesday. The sale was well attended, many buyers being present from other counties.

In past few years Mr. Patterson has gained wide reputation as a breeder and hog raisers have come to value his offerings highly. The sale totalled \$5,225, top price, \$280, being paid to Frank Rockford of Bluffs.

Fifty hogs were sold which averaged \$99.25. In addition to these three fall hogs were sold. Col. Ira Cottingham of Jerseyville was the auctioneer and was assisted by Col. Crum of Litchfield, C. J. Wright of Murrayville, and Charles M. Strawn of Alexander. A. E. Williamson was the clerk and was assisted by Charles S. Black. The buyers and prices are given hereunder:

CIGARMAKERS' BALL IS NEXT WEDNESDAY NIGHT

Preparations for Thirty-Ninth Annual Grand Ball are Progressing—Event Will Be Held at K. C. Hall.

Members of cigarmakers' union No. 114 will give their thirty-ninth annual grand ball Wednesday evening, Jan. 28. They take this opportunity to extend an invitation to the public to attend the affair, which will be given at the K. C. hall.

In talking of the ball yesterday a prominent cigarmaker took occasion to make the following observation regarding the event:

"In connection with the social features, we always have in mind a greater Jacksonville. Now that the water problem has been solved for all time, many different kinds of business enterprises will undoubtedly locate here, and this means an enlargement of the local business field, a market for more cigars. The fact is, however, that if every smoker in the community would smoke cigars made in Jacksonville—and where can you find any better?—there would be right now at least five hundred cigar makers working here. So while you are considering a greater Jacksonville, smoke home made, union made, blue label cigars, and help build up your local cigar industry."

"In the meantime remember the date, Wednesday evening, January 28, for the cigarmakers will spare no expense to make this their thirty-ninth annual grand ball the biggest event of its kind ever held in Jacksonville."

Deaths**Mains.**

Webster Mains died at his home, 409 South East street, at 5:30 o'clock Wednesday afternoon.

Deceased was the son of William and Maria Mains and was born in Cass county, August 27, 1845.

He was united in marriage to Miss Martha C. Shaw of Ellison, Ill., August 11, 1868. He is survived by his widow and one brother, Arch Mains of Virginia.

For many years Mr. Mains was engaged in the grain business at Silver City, Iowa. He was a member of the Baptist church of that city and also a member of the Masons and Odd Fellows.

Some years ago Mr. Mains retired from active business. The past five years he has been a resident of this city.

Funeral services will be held from the residence at 10 o'clock Saturday morning. The remains will then be taken to Virginia for burial.

Schneider-Wendorff.

The marriage of William F. Schneider and Miss Leonora Wendorff, both of this city, was solemnized Wednesday afternoon at 3:30 o'clock at the home of Mr. and Mrs. Charles Hopper, 301 North Diamond street. The ceremony was performed by Rev. J. P. Hillerby, father of Mrs. Hopper. Later the young people left for a brief visit with the bride's mother at Barry. They expect to make their home in this city.

The bride has been a resident of this city for the past eight years. She is a member of Grace M. E. church and has taken an active part in various church activities. Mr. Schneider, prior to coming to this city, was a resident of Kansas City, Mo. He is now employed as night clerk at the Dunlap hotel. The young people have many friends to unite in hearty congratulations.

INFANT CHILD IS FOUND DEAD IN BED

Coy Edward Palmer Dies From Strangulation Early Wednesday Morning—Was Son of Mr. and Mrs. Coy J. Palmer.

Coy Edward Palmer, aged 11 months, the son of Mr. and Mrs. Coy J. Palmer, died of strangulation at the family home near Woodson some time early Wednesday morning.

The child had been suffering from croup. According to the testimony of Irene Craddock who is employed at the Palmer home, she awakened about 3 o'clock Wednesday morning and the child was coughing. She covered it and apparently it went to sleep.

When she awakened about 6 o'clock the child did not seem to be breathing. She carried it down stairs to the father. Dr. R. R. Jones was immediately called but when he arrived the child was dead.

A jury was empanelled by Coroner Rose composed of John F. Seymour, foreman, J. H. Beguel, J. J. Loneragan, J. L. Dunnaway, Thomas O'Connell and Louis Beguel, clerk.

After hearing the evidence of Miss Craddock, the child's father, C. J. Palmer and Dr. R. R. Jones, the jury returned a verdict that death resulted from strangulation, the contributory cause being croup.

Mrs. Palmer was not at home when the child died, having been called to the home of her sister, who is seriously ill.

No arrangements for the funeral have been made.

The funeral of Norman Sheppard will be held from the residence, 1030 Hackett avenue, this afternoon at 2:30 o'clock instead of 10:30 o'clock as previously announced. Burial will be in Jacksonville cemetery.

At the Rialto Friday and Saturday, "Broken Butterfly."

The Man In the Picture

is wearing a Kuppenheimer ulster. You'll find coats like that at this store. It's the kind of a coat you'll want for driving, for rough weather—when you want comfort and protection. It's only one of the fine models made for us by

The House of Kuppenheimer

This ulster is liberal in length, yet so designed to allow freedom of the legs. It has muff pockets above the belt and slosh pockets below—a feature that is met with much favor. Wide stitching and wide lap seams; the coat is superb in every way. The value you get for the price you pay is another feature.

MEREDOSIA COUPLE MARRIED WEDNESDAY

Elmer Beauchamp and Miss Ruth McAllister united in marriage at the Methodist church at 2:30 o'clock this afternoon by the Rev. Fred Read.

Meredosia, Jan. 21.—Elmer Beauchamp and Miss Ruth McAllister both of this vicinity were united in marriage at the Methodist church at 2:30 o'clock this afternoon by the Rev. Fred Read.

They were attended by John Northrup and Miss May McAllister, a sister of the bride. The bride wore a handsome gown of navy blue georgette over navy blue satin. A reception was held for the couple this evening at the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. Joseph McAllister, residing five miles east of Meredosia. She is a member of the Methodist church and a young woman highly regarded by a wide circle of friends.

The groom is a son of Mrs. Minnie Beauchamp. He is a young man of fine character and stands high in the estimation of all. He is a farmer by occupation and they will reside on a farm near here.

RECRUITING NOTES

Not less than a hundred young men of this city have inquired concerning the possibilities in the service. The army school, etc., and each train leaving the city carries some men to join the 6th division.

The special recruiting parties in Jacksonville went on a visit to Winchester Tuesday and secured six recruits for the U. S. army. Two trucks and a side car made the trip with fifteen men, and it is safe to say that no circus has ever posted as much advertising in Winchester as the boys in khaki posted there.

Col. C. H. Martin, formerly brigadier general, and commanding officer of Camp Grant for eight months during the war, visited Jacksonville recently on an inspection tour of the Peoria recruiting district. The colonel stayed in the city over night and visited the army picture show at the David Prince school, leaving the city for Springfield.

The army picture "The Price of Peace" has been shown to large and enthusiastic audiences in the David Prince school gymnasium the past three nights. Seven reels of pictures taken at the front were shown, depicting scenes during action.

Captain Charles Mueller of the 6th division lectures while the pictures are shown.

VILLAGES NEVER TO BE REBUILT
In France 100 Sites Are Said to Be Too Dangerous to Use Again.

From Stars and Stripes, Washington.
Laon, France—Fifteen villages in the Aisne district, destroyed by war will never be rebuilt. There are seventeen towns in the Marne district which will be abandoned, and probably one hundred in France.

For many years, at least, the soil on which the villages stood will not even be tilled. It will become a permanent no man's land.

According to government advisers, the sites of these villages are too dangerous to be used again. In order to avoid loss of life the government has purchased the land on which the villages stood and will keep possession of it until it can be made safe.

These sites are the ones often fought over, on which the ground has been turned over and over again, burying explosives of all kinds to unknown depths. There is no trace of buildings left in the fifteen villages, so the refugees faced more than the usual hardships. They returned however and lived in the worst makeshift caves and dugouts.

Only signs maintained by the government will mark the sites of the villages warning people of the lurking dangers.

YANKS

That the army is demonstrating the practicability of its "melting pot" platoons and the rapidity with which it is teaching illiterates to read and write the English language, at the same time giving them the benefits of army training, the following verses by James W. Foley from "The Great Adventure" by Theodore Roosevelt, are most applicable to our new army which is setting forth examples in the molding of men and the building up of "America's all platoons."

"O'Leary, from Chicago, and a first class fightin' man.
For his father was from Kerry, where the gentle art began;
Sergeant Dennis F. O'Leary, from somewhere on Archie road,
Dodging shells and smel'in' powder while the battle ebbed and flowed.

And the captain says: 'O'Leary, from a fightin' company
Pick a dozen fightin' Yankoes and come skirmin' with me;
Pick a dozen fightin' devils, and I know it's you who can.
And O'Leary, he saluted like a first class fightin' man.

O'Leary's eyes was piercin' and O'Leary's voice was clear,
'Dimitri Georgopoulos!' And 'Dimitri answered 'here!'
Then 'Vladimir Blaminsky!' Step three paces to the front,
For we're wanting you to join us.

And you beat 'em! you can! And saluted like a soldier and first class fightin' man."

in a little Heine hunt!"

'Garibaldi Ravioli!' Garibaldi was to share;
And 'Ole Axel Kettleston' and 'Thomas Scalp-the-Bear'
Who was Choctaw by inheritance, bred in the blood and bones,
But set down in army records by the name of Thomas Jones.

'Van Winkle Schuyler Stuyvesant!' Van Winkle was a bud
From the ancient tree of Stuyvesant and had it in his blood;
'Don Miguel de Colombol' Don Miguel's next kin
Were across the Rio Grande when Don Miguel went in.

'Ulysses Grant O'Sheridan!' Ulysses' sire, you see,
Had been at Appamattox near the famous apple tree;
And 'Patrick Michael Casey!' Patrick Michael, you can tell,
Was a fightin' man by nature with three fightin' names as well.

'Joe Wheeler Lee!' and Joseph had a pair of fightin' eyes;
And his granddad was a Jonny, as perhaps you might surmise;
Then 'Robert Bruce MacPherson!' and the Yankee squad was done
With 'Isaac Able Cohen!' once a lightweight champion.

Then O'Leary paced 'em forward and says heft 'You Yanks fall in!'
And he marched 'em to the captain; 'Let the skirmin' begin'
Says he, 'The Yanks are comin' in a little Heine hunt!'"

CAVALRY—When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command—then watch the boys with the red hat cord snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence and an enlistment in the engineers can be the start of a young man's training in the various branches of engineering and in any of the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. 'N CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. Is Fully Recognized.
Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonic from roots and herbs gathered from the forests. One of these formulas was handed down to the white man and for more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market. This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily. And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results. S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities. It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body. You are invited to write for valuable literature and medical advice, which will be sent without cost. Address Chief Medical Adviser, Swift Laboratory, Atlanta.

WHEN I got out of the Army, I raised my right hand over my derby and said, "Never again, I hope!"

And I am here to state that I was just one of about 3,000,000 who felt like that—only stronger.

It was my privilege to kick and believe me, I did. I couldn't get out too quick—I wanted a feather bed, restaurant food and trousers that flapped around my ankles.

But now that I'm out, civil life is not all that we cracked it up to be! And the Army looks like a pretty good place, after all.

I've been and seen and done things that I wouldn't give up my memories of, for anything.

I had a fine crowd of buddies—two-fisted men with a regular man's outlook on life.

I learned how to take care of myself and all comers—to hold my own with the best and with the worst.

And I learned the sort of discipline that makes a man able to handle men.

I got pretty fair clothes—not as good as the Army gives in peace time but warm and plenty of them—and they didn't set me back sixty a suit, either.

Meals—well, did you ever see a hungry looking soldier?

We all kicked then. Some of the rear-rank generals will always kick. You can't please some birds ever.

The Army never was a bed of roses—it was not meant to be. It is a powerful fighting machine. And even right now, with the peacetime lack of hardship, it's still no place for the lad who won't "play ball."

But, the man who does his duty, who snaps into the spirit of the game, who stands on his own feet, who plays hard and plays clean—there is the chap who gets along and eats up the Army life.

He learns how to handle men, he rises in rank as fast as he proves himself.

He is entrusted with important and interesting work.

He gets more money clear than he could save in civil life.

He comes out with a better education—he has a real time with a good crowd of regular he-men.

He's seen something and been something and done something for the little old U. S. A.

Simply Worn Out

How Many Women Are Like This?
Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells that would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcer and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."
—Mrs. H. KOENIG, 617 Ellis Blvd., Cedar Rapids, Iowa.

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."
—Mrs. PAUL PARNIK, 1325 Stone St., Sandusky, Ohio.

Willard
First Cost

We can't compete for battery business on price.
 Willard service does cost more, so does a Willard Battery. But isn't it true that if you hire a real engineer, or architect, or contractor, or carpenter, or mechanic, or doctor, or lawyer, that it saves in the long run?
 We're in business to do the job right the first time
 —and that costs more than to fix it so it has to be done over again soon after.
 When we sell a Willard Battery with Threaded Rubber Insulation we charge more for it, but it doesn't come back for re-insulation with a big bill to you. It stays on the job till it has delivered all the service you bought—and generally a lot more than you'd believe possible.
 Try it once—and you'll feel the same as 99% of all who own Willard Batteries with Threaded Rubber Insulation.

Fry Making Your Own Cough Remedy
 You can save about \$2. and have a better remedy than the ready-made kind. Easily done.
 If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.
 Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.
 This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, inflamed membranes so gently and easily that it is really astonishing.
 A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.
 Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co. Ft. Wayne, Ind.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Aroclor and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, senile men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

HAVE COLOR IN CHEEKS
 Be Better Looking—Take Olive Tablets
 If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

"FIDDLE-FIT"
 Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. The work while you sleep.—Adv.

From County Agent's Office

Breeders' Association Meeting. Lester A. Reed, president of the Morgan County Breeders' association has called a meeting of the members for 1:30 p. m. Saturday the 24th, at the county court room. This meeting is for the purpose of considering the advisability of having another combination sale in February. Members are asked to bring with them a list of the cholera immune pure bred sows, that they can offer such a sale. If the offerings are large enough it can be made a two days' event, one for Duroc and one for Poland Chinas with other breeds in the county offered at either sale.

Community Meeting at Lynnvile. Fred J. Schofield and Charles H. Gibbs have arranged for a community gathering for farmers in the basement of the new Christian church at Lynnvile at 7:30 p. m. Friday, January 23. They have invited Charles S. Blach to be present and give impressions of the meeting at Peoria. They have also asked the county agent to explain the purpose of soil survey made during the last two summers by representatives of the college of agriculture, working here at the request of the Farm Bureau. The young men with soil soil augurs attracted a great attention here and there, over the county. This discussion will be illustrated by simple demonstrations showing how soil types are determined and soils tested for acidity. We are hoping to be able to get someone also to speak on the recent changes in income tax ruling.

Name the Man. D. O. Thomsen, secretary of Illinois Agricultural association, has asked the farm advisors to assist them in securing good men who will act as committee men on the following special committee: Livestock marketing committee.

Grain marketing committee. Produce marketing committee. If any of the Morgan county farmers have any suggestions to make let the county agent know. He wishes to express your wish in regard to the matter.

Farm Labor. The Morgan County Farm Bureau has maintained a free employment office for farm labor since March 1, 1918. During that time many employers and employees have been brought together. At the present time, we are having quite a number of married men apply for positions. Up to the present time we have only had two requests to supply married men for farm work the coming season. Both farmers and farm hands are invited to file their names with us. We shall do our best to suit both parties.

CLOSING OUT SALE
 Fri. Jan. 23, at farm near Ebenezer church, consisting of horses, mules, cattle, farm implements. S. O. SHUFF.

Miss Rose Brown of Sinclair was shopping with local merchants yesterday.

Watch for Interesting Announcement
 Which we shall make within a few days. The building which we have occupied for many years has been sold, and we must move. Where? We don't know yet, but we expect to remain in business and, as stated above, will have interesting news for you soon.

**CORN CONTINUES
UPWARD SWING**

Chicago, Jan. 21.—Corn made
further progress today toward a
higher price level. Unfavorable
weather for the crop movement
was largely responsible. The close
however, was weak, ranging from
3/4c net decline to 1 1/2c advance,
with May \$1.35 to 1.35 1/2 and
July \$1.32 1/2 to \$1.32 3/4. Oats
finished 1/4c off to 3/4c up and
provisions varying from 2c down to
20c gain.

Not only weather conditions but
the outlook in other respects ap-
peared to be against any rapid ac-
cumulation of supplies of corn
here, and bears were correspond-
ingly discouraged. The fact that
receipts were not large and that
demand was good made the Janu-
ary delivery especially firm.

Oats were inclined to lag owing
to absence of export bids. Be-
sides domestic call was limited.
Provisions reflected depression
of foreign exchange, but rallied
later as a result of estimates that
swine on farms were much less
numerous than a year ago.

ROBUST CHILDREN

A child should not look pale, thin or worn. Such condition denotes malnutrition. To keep up growth and robustness a child needs a plenitude of food rich in vitamins.

Scott's Emulsion

abundant in growth-promoting properties, is an ideal supplemental food that could well be a part of the diet of every growing child.

Children always do well on Scott's Emulsion.

DON'T NEGLECT A RHEUMATIC PAIN

Buy and keep handy a bottle of pain-relieving Sloan's Liniment

YOU need it when the unexpected rheumatic twinge starts—the pains and aches following exposure—sciatica, lumbago, sore muscles, stiff joints, neuralgia. Forget all about buying another bottle and keeping it handy, didn't you? Get it today—play safe—you may need it tonight!

This famous counter-irritant penetrates without rubbing and scatters the congestion. The pain or ache is soon relieved, leaving no plaster or poultice muddiness, no stained skin. Thousands of regular users keep it handy for emergency—they don't suffer needlessly. Three sizes at all druggists—3c., 70c., \$1.40.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Swift & Company's 1919 Earnings

How They Affected You

During the twelve months ended November 1, 1919, (its fiscal year), Swift & Company transacted its large volume of business on the smallest margin of profit in its history.

Sales over \$1,200,000,000.00

Net earnings \$13,870,181.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 1 1/4 cents on each dollar of sales, or a quarter of a cent on each pound shipped.

Consumer—

The average consumer eats about 1/2 lb. of meat per day—180 lbs. per year. If he purchased only Swift & Company products he would have contributed only 45 cents (180 lbs. @ 1/4 cent a pound)—a year profit to Swift & Company for its investment and service, less than one cent per week.

Our earnings were so small as to have practically no effect on the family meat bill.

Live Stock Raiser—

Swift & Company handled in 1919 over 16,000,000 head of live stock. You can figure for yourself that our earnings of 1 1/4 cents on each dollar of sales are too small to affect the price you received for your stock.

We paid all it was humanly possible to pay considering what the meat and by-products could be sold for.

Swift & Company, U. S. A.

Farmers!

It is just as important to study and work out our marketing and other business problems, as it is to plant corn and put up hay. Our business will never be on a sound, permanent, paying basis until we do. The only way we can solve those problems is by strong level-headed organization.

We are entitled to cost of production on our products plus a fair profit, interest on what we have invested, and wages in accordance with other skilled laborers, for the hours we put in. We must get busy, study our problems to the last avenue and solve them. We have no reason to complain unless we make some effort to solve our problems.

The Morgan County Farm Bureau and the Illinois Agricultural Association are organized to do these things. We can not expect to solve all our problems in one year, and we must be fair to all people in what we do, but we must do it. You are going to have the opportunity to join hands with 49,000 other farmers in this work between February 1 and 29. You will want to join. We need your co-operation.
